Press Release

Summit 4: ON THE SAME PAGE

A Showcase of Environmental & Sustainable Advocacy, Services and Products in the Pikes Peak Region

Colorado Springs CO, December 8, 2014: The Green Cities Coalition (GCC) together with the Pikes Peak Community College (PPCC) Office of Sustainability presents Summit 4: ON THE SAME PAGE. The intent of the Summit is to connect and provide a showcase of environmental and sustainable businesses and organization’s advocacy, services, and products in the Pikes Peak region. The Summit will be held in the PPCC Centennial Campus Atrium on January 29, 2015 from 5:00pm to 9:00pm; at 5675 S. Academy Blvd, Colorado Springs, CO 80906.

Program: The focus of this Summit is to convene all major players in the area of environment and sustainability, to foster further relationships and collaborative efforts. To set the stage, Dr. Richard Jurin from University of Northern Colorado will speak about building community partnerships for sustainability. The breakout session includes an internship/volunteer fair with exhibit tables available to those who wish to showcase their organization or business, as well as Working Group tables from GCC to bring together those interested in the areas of: Water, Transportation, Energy, Waste Management/Recycling, Local Food, and Business/Local Economy. The main deliverable we envision is an “Environmental & Sustainable Directory of the Pikes Peak Region”, which can benefit the greater public and all those interested in the efforts that are going on in our area. A wonderful local meal will be presented by Seeds Community Café.

Register for the event at: <http://www.greencitiescoalition.net/events-2/event-list/#!event/2015/1/30/summit-4-on-the-same-page> For exhibitor information during the Summit, please contact Amy Cook-Porter: terraessentials@gmail.com, 719-235-7872
