The Pikes Peak Justice & Peace Commission is grateful for your interest in supporting World Environment Day and the Sunrise Garden Project. The U.N. has designated June 5 as World Environment Day and the Pikes Peak Justice & Peace Commission has organized the local observance since 2009. The global theme this year is "Raise Your Voice, Not the Sea Level." What better way to combat climate change than to stop trucking food thousands of miles from farm to table?

Locally, our theme will be "Raise Your *Food*, Not the Sea Level," and we'll hold an awesome evening mixer from 5:30-8 p.m. on Thursday June 5 at Seeds Community Café – followed by an optional tour of the garden on Saturday June 7 between 10am – 1pm. Sunrise Garden is currently utilized by Seeds Community Café and its volunteers. It is our new initiative to offer therapy to chronically homeless and mentally ill people in a community garden setting, and for this we need to raise funds to be able to hire a licensed therapist to provide this program.

We are looking for event partners (see the categories on the next page) and all the proceeds (including \$5 at the door) will go to help advance the PPJ&PC "Sunrise Garden Project."

We would be proud to count you in as a partner in this project and look forward to seeing you at World Environment Day.

Respectfully,

David Shaw

Executive Director
Pikes Peak Justice & Peace Commission
